

# Monitor Trailers

## Model 1050

### Product Description

Model Number 1050 Foam Trailers are designed to launch foam above storage tanks. STORAGE TECH® monitor trailers can be used in the first place to back up fixed fire fighting systems on oil storage tanks, and in many cases used and applied as the first attack against the fire where fixed systems have failed, or were not available. It can be used as mobile or stationary. It has two nozzles, one of the nozzles if for water, the other one to launch the foam. The nozzles are made of aluminum and are resistant to corrosion. It has a manometer to indicate the flow pressure.

### Product Benefit

- Screen Capacity: 1500 - 3000 lt/min
- The screen can be rotated 360 degrees horizontally, 60-70 degrees vertically
- The Screen has two wheel and brake system
- Easy to install. You do not need a special tool or experience to install the StorageTech™ Model 1050
- StorageTech™ Model 1050 comes with the paint color you choose.
- Resistant to corrosion.
